Greca Corrugated HD Soft White PC Greenhouse Covering

Features & Benefits:

- Makrolon produces bigger, brighter plants and vegetables
- High light transmission optimizes plant growth
- 100% light diffusion scatters light in greenhouses promoting uniform growth
- Diffusion softens light and reduces harsh solar energy avoiding hot spots that damage plants and makes a comfortable work and living environment
- No Drip feature prevents condensation from forming droplets and dripping on the plants which can spread disease and damage plants
- Promotes higher crop yields and eliminates shadows
- Panel offers privacy while still allowing in natural light for growing
- Available in Greca, Omega and Roma profiles
- 10 year non prorated warranty on yellowing and breakage caused by hail
- Makrolon High Diffused Polycarbonate Greenhouse Covering
100% Light Diffusion
85% Light Transmission

High Performance Growing

Makrolon®

10 Year Non Prorated Warranty

Makrolon Corrugated Polycarbonate sheets come with a 10 Year Non Prorated Warranty against loss of light transmission caused by yellowing and breakage caused by hail.

The corrugated PC panels come with a UV coextruded protection on the exterior surface which protects the sheet from degradation and discoloration caused by UV rays. The “No Drip” anti condensation feature is available on the interior surface of the panel.

The loss of light transmission will not exceed 11% during the first 10 years from the date of purchase.

Virtually unbreakable, these corrugated sheets made with Makrolon resin will withstand breakage caused by hail stones of up to 20mm in diameter for the life of the warranty.

Makrolon PC greenhouse covering prevents the transmission of over 99.9% of harmful radiation resulting from UV rays. It maintains its mechanical and structural integrity under extreme weather conditions (up to 212° F).

Special Notes:

1. The installation must comply with the IMSA Plastics guidelines for warranty to be valid. Local authorization may be required.
2. Installation guidelines available on request.
